

01 / FLAT
planar host

02 / CURVED
bent surface

03 / TWISTED
torsional surface

DIFFERENTIAL GROWTH / SURFACE ADAPTATION

one growth system / three host geometries

SURFACE ADAPTATION / ANATOMY

Original host geometry and the corresponding growth projection

A / HOST GEOMETRY

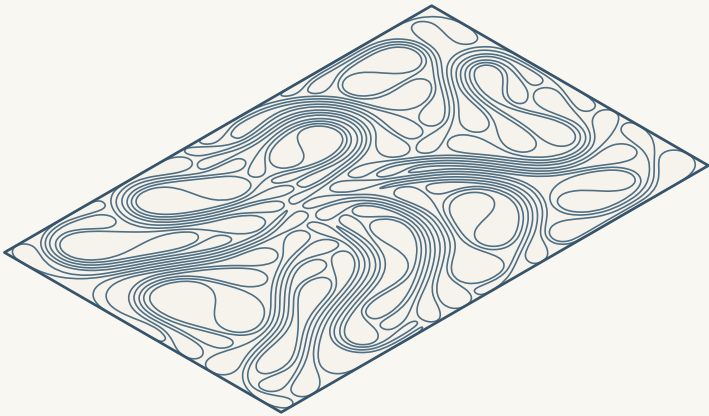

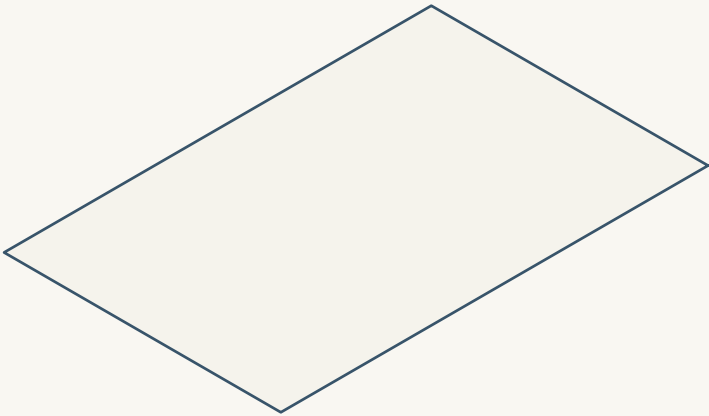

projected host and original surface edges

B / CONFORMED GROWTH

source path mapped to each three-dimensional condition

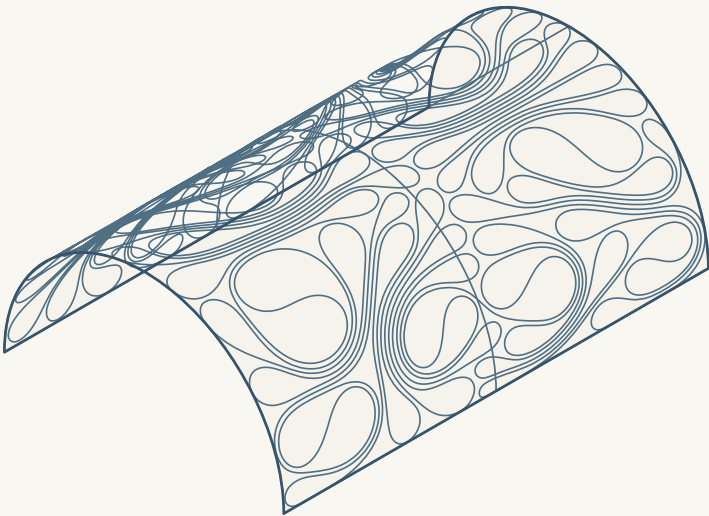

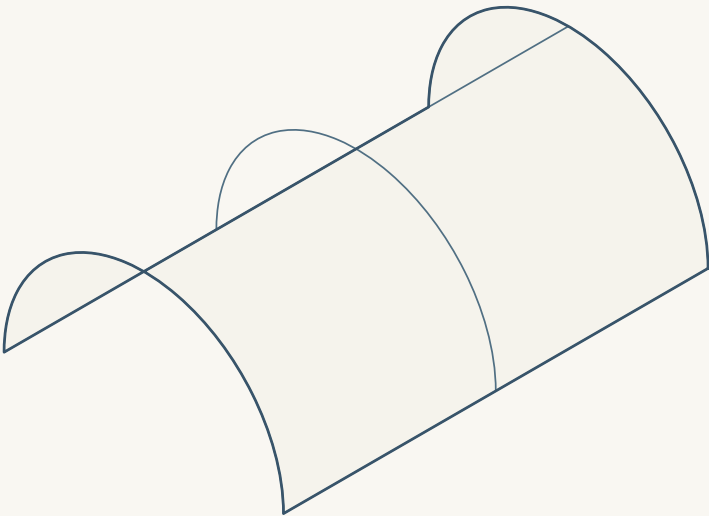

o1 / FLAT

planar host

o2 / CURVED

bent surface

o3 / TWISTED

torsional surface
